

Given the current government guidelines we would like to ensure that we are well prepared for a school closure.

The links below provide children with opportunities for home learning. This will consolidate learning that has been taught so far this year.

These resources can also support readiness for high school and we encourage you access these in addition to homework set. Our year 6 already use the CGP guides which we find support their preparation and revision – other year group guides can be purchased.

Please ensure that children **continue to read** and discuss their books with you to develop understanding and their comprehension skills. This is vital over a long break.

We would also like to recommend a few educational apps for iPads/ iPhones. If you have this technology available, search for these in the app store:

Reading: Kindle app – lots of free books included with prime reading feature

Languages: Duolingo

Maths: Sumdog (continue as guest in app)

Computing: animate it lite, scratch jnr, (websites not apps: scratch website, code.org)

Music: Drum pad machine, garage band

EYFS: Jolly phonics, meet the alphablocks
